

# **Fertility Preservation – ‘Technique & Technology’**

**2<sup>nd</sup> Annual Conference (ASFP)**

**&**

**Fertiprotect 2018**

**4<sup>th</sup> Annual Conference (FPSI)**

**September 22<sup>nd</sup> & 23<sup>rd</sup>, 2018 - New Delhi, India**

## **Organizers**

Asian Society of Fertility Preservation (ASFP)

Fertility Preservation Society of India (FPSI)

## **Organizing Chairpersons**

Prof.Nao Suzuki (Japan) President ASFP

Dr.Nalini Mahajan (India) President FPSI, Secretary ASFP

## **Local Organizing Chairpersons**

Dr.Sabhyata Gupta (President elect FPSI)

Col.Pankaj Talwar (Secretary FPSI)

**Saturday 22<sup>nd</sup> September 2018**

**09:00 – 13:00 Workshops**

**Workshop A**  
Oocyte cryopreservation  
Lecture and hands on training

**Workshop B**  
Ovarian tissue cryopreservation slow freezing and vitrification  
Lecture and hands on preparation.

**Workshop C**  
FP Clinical aspects  
Discussion on FP clinical cases submitted by the workshop participants

**Workshop D**  
Fertility-sparing endoscopic surgery  
Video demonstration & Discussion on FSS  
Endometriosis, ovarian surgery, adenomyosis, gynecology-oncology

**Lunch**  
**Saturday 22<sup>nd</sup> September 2018**

**14:00 – 14:30:** Welcome address President ASFP, President FPSI  
Lighting Inaugural Lamp

**Session 1- 14:30 – 15:45**

<b>Hall A</b>	<b>Hall B</b>
Effect of cancer & cancer treatment on male & female fertility – an overview	The psycho-social and ethical components of fertility preservation.
Offering Fertility-preservation procedures: Is there a cut-off age / ovarian reserve?	Reproductive Decisions: The role of partners, parents and physicians.
Relevance of AMH in oncofertility – current evidence.	How to get referrals from the oncologists?
Discussion	

## Session 2- 15:45 – 17:15

<b>Hall A Breast cancer</b>	<b>Hall B Cancer and conception</b>
Adjuvant hormonal therapy used in premenopausal women & how it affects fertility.	Pregnancy after Cancer – how soon how safe?
BRCA-associated breast cancer - Role of fertility preservation.	How to deal with Pregnancy during cancer.
Ovarian stimulation protocols in hormone sensitive cancers.	Contraception after cancer treatment.
Fertility preservations techniques In Breast cancer - should we freeze oocytes /embryos / ovarian tissue?	Ante-natal and neonatal complications in cancer survivors.
Discussion	

### Coffee

## Session 3- 17:15 – 18:00 (free papers both halls)

**Sunday 23<sup>rd</sup> September 2018**

## Session 4- 09:00 – 10:15

<b>Hall A Gamete protection and regeneration</b>	<b>Hall B FP Techniques</b>
Current position of GnRH in ovarian protection.	Testicular Tissue Freezing protocols for Pre and post pubertal males.
Stem cells for oocyte regeneration.	Oocyte cryopreservation – how to maximize results.
The artificial ovary – will it improve safety and success?	In vitro Maturation
Discussion	

## **Session 5- 10:15 – 11:00 Key Note Address**

Ovarian tissue cryopreservation and transplantation- Is this procedure still considered to be experimental or not?

Should we encourage pro-fertility counseling or accept Social Freezing as the current reality.

Comments from the chair

### **Coffee**

## **Session 6- 11:15 – 11:45**

Oration Fertility Preservation – ‘the future’

## **Session 7- 11:45 – 13:00**

What FP can we offer for haematological cancer in children and adolescents.  
Auto-immune disorders and fertility.

Review of International guidelines on fertility protection and preservation.

Discussion

### **Lunch**

## **Session 8- 14:00 – 15:00**

**Panel Discussion** - FP in gynaec malignancies case based discussion -

## **Session 9- 15:00 – 16:00**

### **FP network in Asia”.**

All member countries to participate in discussion

## **Valedictory & ...Vote of thanks – 16:00**
